To: **THE STATE OF CALIFORNIA ATTORNEY GENERAL,
DEPARTMENT OF GENERAL SERVICES, STATE, COUNTY
AND CITY OFFICIALS AND INTERESTED PARTIES**

PACIFIC GAS AND ELECTRIC COMPANY (PG&E) filed Application No. 90-05-011 on May 8, 1990, with the California Public Utilities Commission (CPUC or commission) requesting authority to increase its electric and gas rates.

The requested rate adjustment would increase electric revenues by approximately \$58,801,000 and gas revenues by approximately \$16,307,000 for an overall increase of \$75,108,000 to become effective January 1, 1991, a rate increase of less than one percent. This change in revenues is needed to cover a projected increase in cost of capital due to projected higher interest rates and changes in economic, regulatory and business risks for PG&E.

The state, counties and municipal corporations, and any other parties interested in the above-mentioned filing can obtain a copy of Application No. 90-05-011 and related exhibits upon written request made to PG&E at 77 Beale Street, Room 3109, San Francisco, California 94106.

This notice is given in accordance with Rule 24 of the Rules of Practice and Procedure of the California Public Utilities commission.

AND INTERESTED PARTIES

PACIFIC GAS AND ELECTRIC COMPANY hereby gives notice that in Application No. 90-04-041 filed on April 25, 1990 with the California Public Utilities Commission, it has requested authority to increase its electric and gas rates.

The requested rate adjustment would increase electric revenues by approximately \$38.7 million and gas revenues by \$0.5 million. The adjustment would increase rates by less than one percent over the rates in effect on January 1, 1990. The increase is needed to expand PG&E's programs to assist our customers' conservation and energy efficiency efforts. The increase in rates, if approved, would become effective January 1, 1991, or as soon thereafter as the CPUC may authorize.

The state, counties and municipal corporations, and any other parties interested in the above-mentioned filing can obtain a copy of Application No. 90-04-041 and related exhibits upon written request made to PG&E at Post Office Box 7442, Law Department, San Francisco, California 94120, Attention: Robert B. **TO: THE STATE, COUNTY AND CITY OFFICIALS
AND INTERESTED PARTIES**

PACIFIC GAS AND ELECTRIC COMPANY hereby gives notice that in Application No. 90-05-003 filed on May 1, 1990, with the California Public Utilities Commission it has requested authority to increase its electric and gas rates by \$14.7 million. This proposed increase would recover some of the costs to restore service and repair facilities damaged as a result of the October 17, 1989 earthquake and related events. PG&E spent approximately \$76 million on earthquake repairs. After subtracting insurance payments, costs already included in rates, and tax benefits, we are requesting \$9.7 million (\$2.7 million gas: \$7.0 million electric) in rates in 1991 for unreimbursed 1989 and 1990 costs, and approximately \$5.0 million (\$0.9 million gas: \$4.1 million electric) in expected costs during 1991 and following years. The adjustment would increase rates by less than one percent.

The requested rate adjustment would increase electric revenues by approximately \$11.1 million and gas revenues by \$3.6 million on January 1, 1991, or as soon thereafter as the Commission may authorize. Of these increases, \$4.0 million electric and \$0.9 million gas in rate increases over 1990 levels would remain in effect in 1992.

The state, counties and municipal corporations and any other parties interested in the above mentioned filing can obtain a copy of Application No. 90-05-003 and related exhibits upon written request made to PG&E at, P. O. Box 7442, Law Department, San Francisco, California 94120, Attention, Kermit R. Kubitz, Room 3109.

This notice is given in accordance with Rule 24 of the Rules of Practice and Procedure of the California Public Utilities Commission.
